Return on Investment

Membership is open to anyone interested in raising the standard of living in Harnett County through the creation of better jobs and economic opportunities.

The annual membership fee is \$100 for individuals and \$200 for businesses. Because the corporation has a nonprofit status, all fees are tax deductible.

Your membership fee is an investment in the future of Harnett County -- the return will not be seen overnight. However, there will be tremendous return to every citizen during the upcoming critical years. The HFTC works to achieve economic growth within the county.

Economic growth will lead to the creation of new jobs. As these jobs are created, some citizens who are unemployed and on welfare will fill these jobs -- becoming taxpayers rather than tax users. The best welfare plan is a steady, well paying job.

New jobs will be created for current citizens and for the generations that follow.

Residents will not have to leave Harnett County to find employment after we have invested in their education.

As the HFTC works and grows, more taxpayers will move to Harnett County. An expanded tax base means that present taxpayers will shoulder less of the tax burden.
